

PROFESSIONAL EXPERIENCE

- | | |
|---|-----------------------|
| Intern Quantitative Research Analyst , Mazars.
Research and implementation of Economic Scenarios Generators. | Paris, France
2021 |
| Intern Quantitative Analyst Credit Risk , Crédit Agricole.
Research and Implementation of methods for Loss Given Default. | Paris, France
2020 |

EDUCATION

- | | |
|--|---------------------------------------|
| PhD Student , University of Fribourg.
PhD in Probability and Mathematical biology. Advisor: <i>Christian Mazza</i>
Topic: <i>Stochastic chemical reaction networks and mathematical ecology</i> . | Fribourg, Switzerland
2021–Current |
| MSc in Financial Mathematics , University Gustave Eiffel.
Topics: <i>Stochastic calculus, Machine Learning, Jumps processes and application to energy markets</i> . | Paris, France
2020–2021 |
| MSc in Engineering , IMT Atlantique.
Topics: <i>Stochastic Differential Equations, Numerical methods, Optimization, Python, R</i> . | Brest, France
2017–2020 |

PUBLICATIONS AND PROJECTS

- [1] L. Faul, L. Hoessly, and P. Xia. “Identifiability of SDEs for reaction networks”. In: *European Journal of Applied Mathematics* (2026). DOI: 10.1017/S0956792526100382.
- [2] L. Faul, X. Richard, M. Betrisey, and C. Mazza. “On the abelian structure of noncompetitive chemical reaction networks”. In: *arXiv preprint* (2025). submitted. arXiv: 2512.17491 [math.DS].
- [3] L. Faul, X. Richard, and C. Mazza. “Stability and feasibility of microbial consumer-resource model”. In preparation. 2026.
- [4] L. Faul, R. Delabays, X. Richard, and P. Jacquod. “Route to Chaos in sparse and structured ecosystems”. In preparation. 2026.

TEACHING

- **Teaching Assistant** at University of Fribourg
Introduction to Probability, Introduction to Statistics, Propedeutical Statistics and Linear Algebra. 2021-2026

SKILLS

- **Coding:** Python, R, Julia, C++, $\text{\LaTeX}$, ...
- **Data analysis:** Python, R.

LANGUAGES

- **French:** native
- **English:** C1
- **German:** B2

ACADEMIC SERVICE

- **Western Switzerland University Conference**, Applied Statistics and Probability section.
Representative of PhD students, organiser of the PhD Day in 2024. 2022-2026

SELECTED TALKS

- **European Conference on Mathematical & Theoretical Biology**, Graz, Austria. July 2026
- **Seminar on the Mathematics of Reaction Networks**, online. Feb 2026
- **Mathematical Biology Modeelling days**, Besançon, France. Oct 2025
- **Stochastic Reaction Networks Workshop**, Torino, Italy. June 2025
- **SIAM Conference on Applications of Dynamical Systems**, Denver, USA. May 2025
- **PhD Day, Western Switzerland University Conference**, Fribourg, Switzerland. June 2024
- **Bern-Fribourg Graduate Seminar**, Fribourg, Switzerland. Oct 2021
